Dr. Gersen Chosen as Superintendent by M. S. A. D. #44 Board of Directors

Dr. Wayne F. Gersen, principal of Telstar Regional High School since 1977, has been chosen by the M. S. A. D. #44 Board of Directors to succeed Kenneth Smith as Superintendent of Schools. Mr. Smith assumes the superintendency at M. S. A. D. #17 on July 1.

The District #44 Directors convened in special session last Saturday morning, June 14, to interview two candidates for the position in executive session. Returning to open session in mid-afternoon, the Board named Dr. Gersen to serve as Superintendent for the July 1, 1980-June 30, 1981 period.

The Board's Search Committee had previously interviewed a half dozen candidates for the position. About 40 persons had expressed interest in the local District's superintendency.

Prior to coming to S. A. D. #44 as Telstar Principal in 1977, Dr. Gersen was from 1974 to 1977 as assistant principal at Darby-Colwyn Senior High School, Landsdowne, Pa., and during 1972-74 was an administrative intern in the School District of Springfield Township.

Dr. Gersen, with his wife, Carol, and two daughters, Elyssa and Hannah, resides in Bethel village.

All Board members were present at the special Saturday session, with the exception of Sheryl Wilbur of Woodstock.

A graduate of Henderson High School in West Chester, Pa., Dr. Gersen received a B. S. degree in the Humanities and Technology Program at Drexel University in 1970, and a Doctor of Education in Educational Administration from the University of Pennsylvania in 1975.

COMMUNITY SAFETY & LAW ENFORCEMENT COMMITTEE MET TUESDAY EVENING

Some local organizations have already been contacted by members to arrange a meeting with Special Police Officer Rick McCann to explain the program. Also discussed the possibility of implementing house numbers for Bethel. This would assist police, fire and ambulance personnel when responding in emergency situations.

The next committee meeting will be July 8 at 7:30 p.m. at the home of Barbara D. Brown.

TELSTAR SCHEDULES, RANK CARDS, MAILED THIS WEEK

The rank cards for the 1979-80 school year, and the high school student schedules for the 1980-81 school year will be mailed home later this week.

The rank cards will indicate each student's yearly average, which includes final examination results. Final examinations were administered to underclassmen at Telstar on Friday, June 13 and Monday, June 16, and are factored into the yearly average.

The student schedules indicate the courses each student has selected and the tentative room and teacher assignments for each course. While each student's course

selection is confirmed, the period a particular course is scheduled may be altered in order to balance class sizes. Students and parents should carefully review the schedules, and note that schedule changes will not be possible unless there is direct parental contact with the school.

Mrs. Madeline Dudley returned home Tuesday from Stephens Memorial Hospital, Norway.

Bethel Summer Playground Program To Open Monday, June 23, at C. P. S. All Bethel children of grades K-6 (fall 1980) are again being invited to share in a fun-packed summer of play activities at the Crescent Park School Playground. The playground runs in two, two-week sessions, the first, beginning June 23. And the second beginning, July 28. These are Monday through Friday sessions. Hours are Monday 10-3, Tuesday through Friday 9-3.

The playground program is run by Director Gail J. Sysko and is sponsored by the Bethel Recreation Board. Working with Gail this year will be Sheila Cummings as Assistant to Director, Tina Kersey as Team Play Leader, and Laurie Kimball as SYEP Play Leader. Like in past summers, volunteers will be utilized to expand the program's dimensions. Volunteers are still being sought.

The program offers many opportunities for the area's children. There will be daily arts and crafts instruction and daily nature/crafts leadership. Special emphasis is placed on skills development in sports and low-organized games, dramatics and other creative activities. It is the goal of the program to provide opportunities for all participants to grow in their interests, socialization, citizenship and in health. Policy is strictly come-and-go, so that children's daily attendance is not required. Rather, parents and child are free to determine which days they wish to participate in the program.

Registration is required for the identification of each child. Please register at the Bethel Town Office prior to coming to the playground. Registration is free, however there is a \$1 per child (\$2 family) supplies' fee, payable at registration to help purchase new equipment and arts and crafts supplies.

SUMMER PLAYGROUND SPECIAL FOR TOTS Each summer, as a part of the Summer Playground program, the Bethel Recreation Board and town merchants sponsor the Doll Carriage and Bike Parade at the Crescent Park School playground. It is a time when tots, too young to enter the activities of the regular playground program, meet to show their decorated doll carriages and bikes. Prizes are given to the showiest of each class, and a gift is given to each child that enters. All Bethel children of ages three to six years are eligible to enter the Friday, June 27, 11 a.m. parade. Parents are asked to please be prompt. Sunday River

Mrs. R. M. Fleet, Corres.

Sent in by Eva Yates:
A cool, sunny, windy Monday
morning. Gardens are doing as
well as dry weather will let them.
We need rain so badly and the ro-
bins have been crying for a rain
desperately the last two or three
days but what we got did no good.
These last few days have been
such that you began to think we
might get some summer after all.
The frosts at the first of the week
did not feel like summer.Russell Yates was in Norway
Friday to see his doctor. Russell
has been under the weather for
a few days on account of a fall
he suffered.Peggy Blake attended a birth-
day party Sunday night at her
daughter's, Myrna Carter's, for the
Swedish girl, an exchange student,
and her mother. A good time was
had by all.Several attended the graduation
from Sunday River.Russell and Eva Yates and Peg-
gy Blake enjoyed the Telstar Mu-
sical Monday night, June 9. But
in my mind the Middle School
singers were way ahead of the se-
nior high. It was very nice. Sorry
more did not come.Mr. and Mrs. B. H. Yates called
at his mother's and brother's,
Joe, Sunday P. M.A pleasant surprise Wednesday
afternoon when my granddaugh-
ter, Irene Martin, of Salem, N. H.,
came in to see me. She came to see
her niece, Louise Haines, graduate
and spent the night with her bro-
ther and family, the Gilbert
Haines. Come again, Irene.The Rawleigh lady, Elsie Tuck-
er, was making calls on the Sun-
day River folks on Tuesday. She
comes with a laugh and a smile
and we are always glad to see her.
I would appreciate it if the ones
living on Sunday River have news
they would phone it to me.Peggy Blake attended the small
boys "Bethel Blues" ball game at
West Bethel Tuesday night. They
played the Rumford Point team.
Thursday night they played a dif-
ferent Rumford Point team. Natu-
rally they won both times. "My
Jim" on there they really gotta
"Play Ball" to win.Eva and Russell Yates were in
Rumford Wednesday.Bear River Grange had to post-
pone their meeting Saturday on ac-

Greenwood City

Mrs. Colista Morgan, Corres.

Do people hunt caves or
climb a mountain? Surely not to
get onto the other side. They like
to explore. They are curious and
filled with wonder as to what
lies around the bend or what sur-
prise is beyond the next rise. This
inquisitiveness is an element of
character and intelligence.This week Fay, Ruth, and I re-
newed our memories of the Green-
wood Ice Caves. Although we had
traveled by the path that leads
to them many times we did not
follow it to the caves until today.We left the car just off the road
between Locke Mills and Green-
wood City and walked the Ames
Road, so called. This road climbs
and winds and although by the
signs, trucks had traveled it I re-
ally wouldn't recommend it for a
pleasure car. The enchanting old
highway has many attractions if
you are interested in nature. It was
a woodland cathedral, a pathway
of loveliness, where nature's mood
was gentle and quiet. We inhaled
the balmy fragrance; looking at
a bit of sunshine here, a lacy sha-
dow there.Babbling brooks greeted us along
the way and I turned back in mem-
ory to the time I went here with
the horse and wagon. Back then
the bridges were better and the
road though truly rustic, dusty,
and rough seemed better than to-
day. We wound our way under
green arched trees. From the dis-
tant forest came the tones of the
wood thrush solemn and serene.
He seemed to harmonize with the
sounds of the forest, the purring
waters, the whispering breeze, or
the falling of rain drops in the
summer forest. With little effort
he emits his notes, a-olee, rests,
swells and dies away; so pure and
ethereal that I can not describe it.The Canadian Mayflowers whiten-
ed the woods while only occasion-
ally did we see the pink Lady's
Slipper. This is a blossom whose
charm never wanes. It seems to
be touched with the spirit of the
great woods and should not be
picked.After some over a mile of walk-
ing we came to an intersection of
the old county road which con-
nected Norway to Bethel in by-
gone years. At the right, partly
hidden by ferns and bushes was
the cellar hole and foundation of
the one time "Ames Inn". This
was once a stage coach stop be-
tween the two towns mentioned.We now followed the old coun-
ty road to the left continuing on
until we came to another road
which turned to the right. This
enchanting old "highway" sparkled
like millions of dew drops,
because of the many mineral de-
posits in the area. Up this road
one can find an old mine pit
which we refer to as the "Uncle
Billy Mine".At the entrance to this road
there is a rock with the words
"Ice Caves" on it. Above, in a
tree pointing to the county road
there is a red arrow. At the left
there is another cellar hole, once
known as the Wentworth Place.
A very short distance from here
on the county road is the trail,
well worn and well marked in
red, which leads to the right and
to the caves.Ferns were lush green and num-
erous. At times the tree branches
interlaced to hide the sky except
for a spot of light directly over
head.We encountered a log across the
trail and sat down to eat our

wasn't sure, when I spoke with
her, how long she would have to
remain in the hospital.Connie, Cathy and Stephen Ro-
berge, Gilead, Mr. and Mrs. Ernest
Lee, Littleton, N. H., visited Zip
and Muriel Gilbert, Saturday.
Their son, James, his wife, and
four children were Sunday dinner
guests.Lunch, which wasn't far from the
caves.Today we came to find not to
explore them as twice I have done
in years gone. A flashlight is a
MUST for they are dark and
spooky; certainly no place for any
one subject to claustrophobia.
There are caves and caves of many
sizes and depths, some with snow
and ice. It's an arresting sight to
him who goes to this mountain
which is called both Uncle Tom
and Uncle Joe. The caves were no
doubt formed by the last Ice Age.At the very top I had a plane-
tary feeling, as I looked across
the forest land to Overset Bluff
and the pond and at the farm
fields of home.This is only one of nature's
Greenwood wonders. There are the
Pot Holes and Rocky Dundee, both
of which are remarkable.It was a nice hike of five and
one half miles and what better
way to spend a few hours?On Thursday the T. T. Club met
with Avis Stellhorn at her home
in West Paris for dinner and a
social afternoon. Doris Hayes and
I were among those attending.Helen Chojnacki is still a patient

Mr. and Mrs. Perry who have been in Florida through the winter have arrived at their summer home on Lake Keewaydin.

I saw very few flags out Flag Day.

How nice to have a plumber in town. Tommy Barker has been studying it for a long time. He uses it for a side line as he works for his father who is in construction work.

Much sympathy is extended to Elizabeth Cummings, and family, in the loss of her husband, who passed away Friday. She was a Stoneham girl, living here many years.

Mr. and Mrs. Leo Gordon of Fryeburg visited Agnes Files, Sunday.

Mr. and Mrs. Leonard Doughty have been staying at their camp on Lake Keewaydin for a few days. Violet was the lucky winner of \$1,000 given at Sampson's Store in South Paris. Bob Grant also won \$100 at the same store.

Mrs. Agnes Files went to South Paris with Nellie Hatstat, Friday.

Ernest Andrews is working for Stanwood Nelson.

Mr. and Mrs. Donnie Stearns and little son, Eric, of Portland, visited his mother over the week end.

Olive Davis, Corres.
Mr. and Mrs. Frank Campbell were in Lewiston Sunday morning to meet Mr. and Mrs. Deven Andrews who were returning home from a two weeks honeymoon in Florida.

Mrs. Helmi Cummings and Mrs. Helmi Loffreda called on Olive Davis Saturday afternoon. They had been at West Bethel visiting with relatives and were returning home to Portland.

Sunday proved a rainy day here and so dry the seeds have a hard time to sprout.

What is the matter with our laws and judges? Another house robbed in town. If the thieves are caught they get a suspended sentence which means; go out and do it again? A thief is a disgrace to our nation and should be taken care of on the spot (not pardoned). If we don't wake up there is and will be more of it. The only person who is protected is the criminal. If they kill any one they prove it isn't premeditated; but you kill them, you go to jail. Is that justice? The dirty skunks don't belong in our society. I'm downright disgusted. This thievery, in FREE America.

The Day farm came alive this week when Mr. and Mrs. Carl Brooks entertained a birthday party there, June 8. The honored guests who were having birthdays in June were Ralph Brooks, Doris Chapin, Winfield Bennett and Carl Brooks. There were ten present who partook of a baked bean dinner, hot biscuits, salads and all the fixings. Winfield Bennett brought his pictures of their trip to the Caribbean and Marion and Winfield told of their trip which helped make an interesting day as it rained and was foggy on the hill.

June 10 the Good Will Class was entertained at a work day fair party by Mr. and Mrs. Carl Brooks at the Day Farm. This is a day when the ladies go out to obtain fire for their famous fir pillow sale at the Universal church which is held later in the summer.

The last of the 4 point meetings will be held at West Paris June 19. Franklin Grange will have the program. Bear River will fill the chairs. Alder River and West Paris will have the supper. Franklin Grange will bring pastry also.

A big opossum was seen in the field opposite Esther Davis' house one morning this week. Friday night he walked through the whole length of Olive Davis' garden, leaving big imprints. He stepped on some radishes and one hill of beans, leaving by the upper part of the garden. This necessitated sticks with white Zayre bags tied to the top being put all around the plot. It worked last year. I hope it does this year.

Mrs. Esther Davis and mother, Mrs. Mary Brown, went to Livermore Falls, Thursday, visiting relatives. They picked up Marion Whittemore, then drove to Wayne to visit Mr. Brown's lot, then to North Wayne to call on Mr. and Mrs. Irving Randall. They called on Laura Walton, also. They traveled to Gibbs Mills and visited a brother and son, Mr. and Mrs. Don Brown awhile. Then they

REV. MILLETT CUMMINGS RECEIVES APPOINTMENT TO BETHEL METHODIST CHURCH

United Methodists across Maine have returned home following their annual conference June 12-15 in Farmington, celebrating a new growth. Conference membership is up by over 1300 persons this year, and the Conference is making plans to open up to three new local churches and to establish a statewide pastoral counseling service based in Portland.

The Conference was the last under the presidency of Bishop Edward G. Carroll, who retires in September.

Among the appointments made by Bishop Carroll was that of Rev. E. Millett Cummings to the Bethel United Methodist Church, where he has been serving as interim pastor since September of 1979.

Mr. Cummings was a member of Chestnut Street United Methodist Church, Portland, for over 30 years, lay leader for six years and lay leader of the Portland District and the Maine Conference for five years. Prior to his graduating from Boston University School of Theology in 1971, he had been employed by a Massachusetts firm as a salesman and district sales manager in Maine and New Hampshire for forty years. Following an eleven year pastorate at the Deering Memorial Church, Norway, and the Bolsters Mills Methodist Church, he had retired in June of 1967.

Rev. and Mrs. Cummings have a home in Norway, and spend part of each week at the Methodist Parsonage on Mason Street, Bethel.

Letters to the Editor

To the Editor:
It is of great concern to me that graduates of Telstar High School are not recognized at commencement exercises unless they are in attendance.

I feel that if our young people of today can obtain the necessary credits to graduate, whether it be in June or earlier, they should be acknowledged as "Graduates" during the program.

Perhaps members of this District should contact their representatives on the School Board and request that the present policy be changed!

Sincerely,
Thomas Berryment
Parent of a 1980 Graduate

To the Editor:
On behalf of the Guidance Department and student body at Telstar, I would like to thank Patricia Cote, Chief Radiological Technician at Rumford Community Hospital, for presenting us with an excellent resource directory on health careers. Her project for National Hospital Week is especially appreciated at Telstar where a great thrust in career education is presently occurring.

Transfers of \$40,003 within the current year (FY 80) budget were authorized by the directors.

The board accepted the resignation of Dr. Wayne F. Gersen as principal of Telstar Regional High School, effective June 30, 1980, and authorized the posting of the vacancy. Dr. Gersen will assume duties as S. A. D. #44 superintendent on July 1.

Adler Muller, elementary supervisor, gave a brief review of Title I testing results, which showed a greater increase in the scores than the state average. Mr. Muller requested that board members get feedback from the communities regarding restructured days prior to a formal presentation to the board of a restructured day proposal for 1980-81.

Board members not present Monday evening were: John Laban, Bethel, and James Sysko, Newry.

The next meeting of the S. A. D. #44 board is scheduled for Monday, July 7, at Telstar Regional High School.

STOWELL RECEIVES DEGREE FROM MERCY COLLEGE

On May 22, 1980, Michael S. Stowell was graduated Summa Cum Laude from Mercy College, Dobbs Ferry, N. Y. He received a Bachelor of Science degree in Business Administration with a Specialization in Finance. As an undergraduate, Michael was inducted into the National Honor Society of Business Administration, Delta Mu Delta and also qualified and joined MENSA International.

At Baccalaureate Michael was awarded a Departmental Honor for having achieved a scholastic index of at least 3.5 in his major field of study, a collegiate award for having been elected to Who's Who Among Students in American Universities and Colleges, and was the recipient of the Oscar Kammelman Memorial Business Award for attaining the highest point average in the College of Business.

Mr. Stowell, the son of Mr. and Mrs. George Stowell of West Bethel, graduated from Gould Academy in 1958 and plans to pursue his Master's Degree in Computer Science at Long Island University in September.

RECOLLECTIONS OF NORWAY AND PARIS STREET RAILWAY

From 1895 until 1918, for only five cents, one could take a 15 minute ride on Maine's shortest trolley line (just over two miles). The Norway and Paris Street Railway was operating during that period, running at half hour intervals from Main Street, Norway, to Market Square in South Paris. One could even enjoy an open trolley car in warm weather, as the line used both open and closed cars depending upon the season.

The electric car line was chartered in 1894 and construction started in the spring of 1895. For the first few years it operated at a profit but the early 1900's found the company alternating between annual losses and profits, barely able to break even. Following World War I, operating expenses increased rapidly with too little increase in revenue, so to avoid further losses, the line, now owned by Central Maine Power Company and operating as the Oxford Electric Co., was discontinued. In the summer of 1919 the rails were torn up, the cars junked, and Norway's electric railway was a thing of the past.

Interestingly the old carhouse in Norway remains and is now headquarters for a new adventure in transportation. It's the bus terminal for Oxford Hills Transit Inc., 110 Main Street, which is now furnishing bus service to the area.

NOTES FROM Evans Notch

White Mountain National Forest

With summer vacations and special week ends in mind, day hikers and backpackers are anticipating visits to the many and varied hiking trails of the Evans Notch District. In order to avoid making your first trip of the season hike less than a pleasant experience, you should remember these precautions.

Plan ahead. Familiarize yourself with the trails and areas which you are going to visit. If you lack reference material, personnel at the District office on Bridge Street, will be more than happy to assist you. We are now open seven days a week, 7:30 a. m. to 5 p. m.

Let a responsible person know your plans so that you will be missed if you encounter difficulties.

Don't overextend yourself physically. Our mountainous terrain calls on muscles and a kind of endurance that may not have been used during the winter months. While hiking with a group the pace of the weakest hiker is the one that the group should maintain.

We assure you that time spent in planning brings more rewards during the hiking experience.

Sunday evening of the Memorial day week end saw the first request for Forest Service assistance in locating lost hikers. Emerson Clough reported the lost party at approximately 7:00 p. m. Forest Service employees were dispatched to the vicinity of the lost party and were pleasantly surprised by meeting Emerson Clough and all members of the lost party safely on their way home. Again, please follow the precautions above so that your visit to the National Forest will be a safe and enjoyable one.

The Evans Notch Ranger District will be hosting a tour for the Small Woodland Owner's Assn. of Maine on June 21. The public is also invited to attend this tour which begins at 10 a. m. at the Ranger Station. This may be just the opportunity you have been looking for to become familiar with your National Forest.

The District work force is experiencing its annual build up with the arrival of many summer employees. A few of our most recent arrivals are: Don Feeney (Dispersed Recreation and Backcountry Patrolman), Skip Evans (Timber Management and Wildlife Habitat Movement), Gary Inman (Wildlife Management, Timber Management Youth Conservation Corps Work Project Coordinator), and Mark T. Gardner (Young Adult Conservation Corps Work Leader, Timber Management, Trail Maintenance).

"Thanks to you, it's working" is a phrase identified with the United Way Campaign. It could also be identified with the campers frequenting Crocker Pond Campground this summer. Crocker Pond Campground was converted from

And finally, for those of you who have been following Lyle Wiggins' reports on the "state of the vegetation", we have his latest report below: Wild apples, cherries and blueberries are in blossom with the potential for jams and jellies this fall. Wild strawberries cover the ground in many areas. One plant now in blossom and often overlooked is the creeping snowberry. This plant has tiny bell-shaped flowers hidden under the foliage and is found in moist shade on the ground or over rotten stumps or logs along with various mosses. In the autumn the plant produces white berries that have the taste of wintergreen and may be eaten raw or prepared as a jam.

B.E.A.R.S., Inc.

(Bethel Emergency Ambulance & Rescue Service)

The B.E.A.R.S. held their monthly meeting on Monday evening, June 16, at 7 p. m. Displays being planned for Mollochett Day were discussed. Watch this column for the definite date and time for the B.E.A.R.S. members and family Picnic and Water Safety Day being planned for July.

Congratulations to all the students who have just completed the Advanced First Aid-Emergency Care and Basic Rescue C.P.R. course: From Bethel, Eddie Greenleaf, Roberta Morin; from Gilead, Robert Morin; from Hanover, Myrtle Sylvester, and from Albany, Yvonne Robinson, Donna Lapham and Candy Howard. Congratulations!

Safety Tip of the Week: "Throw-Go-Go"

When you see someone drowning and you're on land, follow this rule: Reach before you throw, throw before you row and row before you go. In other words, first try to extend a boat hook, oar or any other long object to the victim. If none is available, throw a life preserver or other floatable object—a buoyant cooler, a piece of driftwood. The next alternative is to row out to help. Swim out only if all else fails and you are trained in lifesaving techniques. Drowning people tend to panic and can drag down even expert swimmers.

If a drowning victim is unconscious and not breathing, start giving mouth-to-mouth resuscitation as you hit shallow water. If the heart has stopped beating, use cardiopulmonary resuscitation if steady. Send for trained help, and don't give up too soon. For hypothermia, remove the victims wet clothes and wrap warm, moist towels around the parts of the body most susceptible to heat loss: the head, neck and sides of the chest.

Finally, here are a few standard rules worth repeating because to many people disregard them—with tragic consequences: Know how to swim; people who never go into the water by choice can still fall in accidentally. Don't swim unless a life-guard or swimmer is around, and never leave young children alone near water, no matter how shallow, for even a few seconds.

Safety Tip of the Week:**"Throw-Row-Go"**

When you see someone drowning and you're on land, follow this rule: Reach before you throw, throw before you row and row before you go. In other words, first try to extend a boat hook, or any other long object to the victim. If none is available, throw a life preserver or other floatable object—a buoyant cooler, a piece of driftwood. The next alternative is to row out to help. Swim out only if all else fails and you are trained in lifesaving techniques. Drowning people tend to panic and can drag down even expert swimmers.

If a drowning victim is unconscious and not breathing, start giving mouth-to-mouth resuscitation as you hit shallow water. (The heart has stopped beating, so cardiopulmonary resuscitation is needed.) Send for trained help, but don't give up too soon. For hypothermia, remove the victims wet clothes and wrap warm, moist towels around the parts of the body most susceptible to heat loss: the head, neck and sides of the chest. Finally, here are a few standard rules worth repeating because too many people disregard them—with tragic consequences: Know how to swim; people who never go into the water by choice can still fall in accidentally. Don't swim unless a life-guard or swimmer is around, and never leave young children alone near water, no matter how shallow, for even a few seconds.

Ballad of the Tempest by James T. Fields

We were crowded in the cabin. It was midnight on the waters. And a storm was on the deep. 'Tis a fearful thing in winter To be shattered in the blast, And to hear the rattling trumpet Thunder: "Cut away the mast!" So we shuddered there in silence For the stoutest held his breath. While the hungry sea was roaring, And the breakers talked with Death.

As thus we sat in darkness, Each one busy in his prayers, "We are lost!" the captain shouted As he staggered down the stairs. But his little daughter whispered, "Isn't God upon the ocean Just the same as on the land?" Then we kissed the little maiden And we spoke in better cheer, And we anchored safe in harbor When the morn was shining clear.

GREENWOOD HISTORICAL SOC. TO HAVE POT LUCK SUPPER AS FUND RAISER ON JUNE 26

On Wednesday, June 25, the Greenwood Historical Society is having a fund raising pot luck supper at the Locke Mills town hall at 6:30. Presently the Historical Society is raising funds for the purchase of the John A. Swan property for the home of the Society. Because of the imminent destruction of the house, and thus making another empty lot on Main Street, the Society feels this place should be preserved. It can become a place to be proud of and a place of distinction, restoring it eventually to its original condition. This is a very old existing home, having been built before 1858, and the home of many early Greenwood families, playing a significant role in the development of Locke Mills in Greenwood.

There will be a presentation on this home at that time, as well as other things of interest to local history. Any who would like to take part in this very important project are more than welcome. This project should be rewarding to all concerned. The Historical Society will furnish the rolls and beverage for the supper. Although there is no charge for the supper, those attending should bring food to share and their own plates and utensils.

CIRCUS HELD TUES., JUNE 10 AT ETHEL BISBEE SCHOOL

The EBS Circus was held, thanks to several favorable changes in weather, Tuesday, June 10. All Ethel Bisbee youngsters and staff, as well as some Crescent Park classes and many interested friends, had a wonderful time. A new feature this year were the penny games the children enjoyed between performances. Treasures were "fished out" of the Fish Pond, Sally the Sea Monster with many familiar children's faces got quite a soaking, and there were more.

None of it could have happened if it hadn't been for the gigantic efforts of Kathy Cummings, Lillian Conant, Cathy Newell, Tineke Ouwinga, Bonnie Pooley, Linsley Chapman, Phil Gauthier, Bobby Fiske, Nellie Hatstat, Laurel Davis, Debby Mills, Evanna Grover, Christine Hatstat, Muriel Martin ("Minnie Mouse"), Yvonne Hart, Venessa Arsenault, Lisa Patrick, Jane Ford, Jerry Hefley, Dave Tripp, Dave Walton, the Lions Club (especially Malcolm Gould and Peter Anderson), and McDonald's. PUBLIC REMOVED OF CORRECT MOPED OPERATION

With the increase of mopeds on Maine roads, the state police remind motorists and moped drivers of correct moped operation.

"Because of the numerous inquiries received on the operation of mopeds within the State, we feel the motoring public should be reminded of the law regarding the safe use of mopeds," said Colonel Allan H. Weeks, Chief of the Maine State Police.

Primarily, mopeds are to be operated the same as bicycles and shall be ridden as far as practicable to the right side of the roadway at all times except when making a left turn.

According to Title 29 (subsections 1961 through 1963), "No bicycle or moped shall be used to carry more persons at one time than the number for which it was designed and equipped."

State law also states: "Every person riding a bicycle or moped upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle."

The state police chief said to operate a moped, a person must have a valid operator's license of any class (but cannot operate on a permit) and the moped must be registered and inspected, be driven single file, and have the headlight on at all times.

MAINE PUBLICITY BUREAU OPENS IN GILEAD

continued from Page One
Haines of West Bethel, a recent graduate of Telstar Regional High School planning to attend Westbrook College in the fall.

In the few days the Bureau's number of visitors have stopped for information on Maine and its vacation possibilities. In addition, many have chosen to remain in the area for a time thanks to local Chamber of Commerce brochures, among which is a Guide to Evans Notch. The Bureau's publications, for the most part, have been updated into new editions and are, as always, available free of charge. Official Maine highway maps are also on hand in quantity.

Inquiries regarding brochures, Maine maps, membership in the Bureau or other related matters should be addressed to the Maine Publicity Bureau, Information Center, P. O. Box 225, Bethel, Maine 04217, or stop by the Center's Wild River location any day from nine to five. The staff wishes to thank all those having a hand in the opening of the Center, with a very special thanks extended to Mr. and Mrs. Stanley Morton for providing space at the Evans Notch Motel.

HAZARDOUS WASTE MANAGEMENT PLANS TO BE TOPIC OF AUGUSTA WORKSHOP

The public is expected to zero-in on Maine's developing hazardous waste management plans at a workshop at the Augusta Civic Center Monday, June 23, to set the state's environmental priorities for the next fiscal year.

A separate forum for the hazardous waste issue is scheduled this year. It will be headed by Stephen W. Groves, acting director of the Department of Environmental Protection's newly created Bureau of Oil and Hazardous Materials Control. With Groves will be Robert Demkowicz, head of the Hazardous Waste Section, Bureau of Land Quality Control; John Krueger, chemist with the Hazardous Waste Section, and Marc Guerrier, director of the Division of Oil Conveyance Services, Bureau of Water Quality Control. The oil division and the hazardous waste section are to be part of the new Bureau of Oil and Hazardous Materials Control, when reorganization is completed.

National publicity about hazardous waste horror stories, coupled with hazardous waste episodes at Gray, North Berwick and Saco, has generated intense public concern in Maine, according to DEP Commissioner Henry E. Warren.

Gov. Joseph E. Brennan told a symposium at the University of Maine in Orono last week that the hazardous waste threat compares to that posed by industrial and municipal pollution to Maine's water and air a decade ago.

"The public is painfully aware that this is a Maine problem as well as a national one and it wants to be assured that everything is being done that can be done to solve the problem," Warren said.

"There is intense concern not only about what is going to be done with Maine-generated hazardous wastes but the possibility has been and will continue to be the dumping grounds for toxic wastes from other states," he declared.

Other environmental areas expected to draw substantial public attention at the workshop include the acid rain threat to Maine's lakes and forests, solid waste disposal, groundwater protection, air quality standards — particularly those involved in the transition from oil to alternative fuels, water treatment priorities, cumulative impact of development on all phases of environmental control, and Maine's lake water quality monitoring program.

The Departments of Environmental Protection and Human Services and the U. S. Environmental Protection Agency hold the public workshops annually to secure maximum public input in determining the priorities to be set forth in the State-EPA joint agreement for FY/81.

The workshop will start at 10 a. m. Monday with opening remarks by Commissioner Warren followed by individual workshops conducted by the Department's four bureaus, Land, Air, Water, and Oil and Hazardous Materials.

The workshops will recess for lunch and reconvene at 1 p. m. A summation of the workshop highlights will end the day's activities.

DR. YOUNG MEMORIALIZED BY HARVARD CLASS OF '35

Dr. John Young, who died June 15, 1978, in Bethel, was recently remembered with an obituary tribute in the 45th Anniversary Report of the Harvard College Class of 1935. Dr. Young attended Harvard for a year prior to transferring to Johns Hopkins University, from which he graduated, and in 1939 received his M.D. from Tufts University. He opened his practice in Bethel in 1959, having moved here from Jonesport.

A portion of the tribute contained a quote from The Bethel Citizen, written by Mrs. R. R. Tibbels at the time of Dr. Young's death: "His wholesome personality inspired quick confidence and every man was his friend. Practicing medicine in a rural community demands courage, skill and stamina. Dr. Young met this challenge. Indifferent to his own needs for food or sleep, he worked long and irregular hours. He was always hoping for more time to enjoy hunting, fishing and gardening. He loved this mountainous area with the changing beauty of each season, but at the same time remained faithful to the lovely coast of Maine. Dr. Young served us well. He was a comforting neighbor, one of the best of many good doctors, and the kindest of men. We will never forget him."

"FROM T.M.S. TO T.H.S."

Last Sunday evening, Telstar Middle School's 8th graders and their families enjoyed the celebration of their rite of passage from middle school to high school.

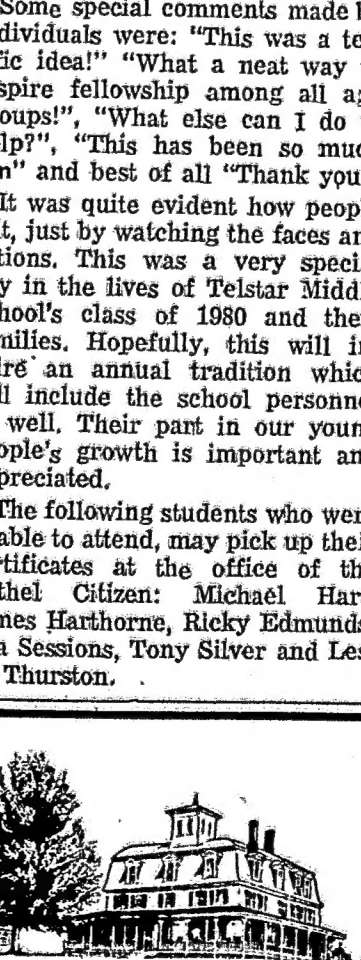

More than half the class of over 100 students received acknowledgments which stated: "this certificate is presented to you with pride and honor in remembrance of your completion of Middle School and formally entering high school" with a space for autographs of family and friends.

Enthusiasm was high all day, from preparations of setting up tables and chairs (thanks to Cam Myers' strong arms and Barbara Brown's white paper), to decorating with garlands of blue and white crepe paper (thanks to Joyce McAllister who could reach the ceiling from a chair!), Georgia Gould, Maria Myers, Amy Flynn, Karl Barth and his mom, Jane, who remembered little things like salts and peppers! to all the delicious foods (thanks to everyone!) — with one little touch of specialness in a cake made by Michelle Sweetser (a student) which symbolized the reason for this celebration: "from T.M.S. to T.H.S." to the students themselves who cheered and clapped wholeheartedly as each came up to receive his/her certificate, and singing some "old songs" from CPS days accompanied by Lyn Bristol on guitar after her brief statement to the students, to the gathering of donations to help pay for the decorations, printing and rental — (Thanks to Jeannie Flynn who remembered), to the 12 or 15 who stayed behind to clean up so all would be able to join the wonderful, sun-filled softball game (thanks to Maryvonne Wheeler for bringing equipment and getting the groups organized — ?!) — students vs. families — everyone got to play, no one cared about the score — all were winners! Also thanks to Carolyn Holden who was most supportive when this was in the planning stage.

Some special comments made by individuals were: "This was a terrific idea!" "What a neat way to inspire fellowship among all age groups!" "What else can I do to help?" "This has been so much fun" and best of all "Thank you."

It was quite evident how people felt, just by watching the faces and actions. This was a very special day in the lives of Telstar Middle School's class of 1980 and their families. Hopefully, this will inspire an annual tradition which will include the school personnel as well. Their part in our young people's growth is important and appreciated.

The following students who were unable to attend, may pick up their certificates at the office of the Bethel Citizen: Michael Hart, James Harthorne, Ricky Edmunds, Asa Sessions, Tony Silver and Leslie Thurston.

PALMER - ROY

On Saturday afternoon, May 17, Shelley A. Roy, daughter of Mr. and Mrs. Eugene Roy of Bethel, and Russell W. Palmer, son of Mr. and Mrs. Maurice Palmer of Andover were united in marriage at the West Parish Congregational Church in Bethel. Rev. David Wuori officiated at the double ring ceremony.

Miss Mary Valentine was organist, and Joe Roy, uncle of the bride, accompanying himself on the guitar, sang "The Hawaiian Wedding Song" before the wedding vows were exchanged.

Mr. and Mrs. Russell Palmer

Escorted to the altar and given in marriage by her father, the bride wore a gown of polyester organza fashioned with a high neckline, long sheer sleeves and a flounce at the hemline. The bodice, sleeves and hem were trimmed with chantilly lace. Her Chapel length veil of illusion was caught to a headpiece trimmed with chantilly lace with lace appliques on the bottom of the illusion to match the edging. She carried a bouquet of yellow roses and white carnations with babies' breath.

The bride's sister, Mrs. Terry L. Wilson, was matron-of-honor. Bridesmaids were Miss Peggy Roy, sister of the bride, and Miss Kathy Emery. Their identical gowns were of a blue and yellow floral print. They wore matching blue picture hats and carried yellow mums.

Terry L. Wilson served as best man and ushers were Randy Denais and Glenn Dunn, both of Andover.

A reception followed at the Locke Mills Town Hall with Joe Roy providing the music for dancing. Annemarie Saunders and Mark Kendall tended the gift table and acted as host and hostess. Mrs. Nancy Cummings assisted at the refreshment table and Mrs. Jeannie Flynn, Mrs. Judy Roy and Mrs. Janice Roy served the wedding cake.
